Re: K-LOVE

K-LOVE serves each of our families and us in our local community, by being the only 24-hour station that is always encouraging and uplifting. There is never a reason to monitor listening to K-LOVE.

If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, parents would have to constantly monitor what was being broadcast, the trust would be broken.

The service that K-LOVE provides is in the public interest, because it is the only place to be certain of finding pure, uninterrupted music and encouragement or to hear the message of Salvation, which we believe, is very important.
